

AI & Oshawa's Affordability

As AI transforms industries, it's becoming harder for young professionals to find and keep stable jobs

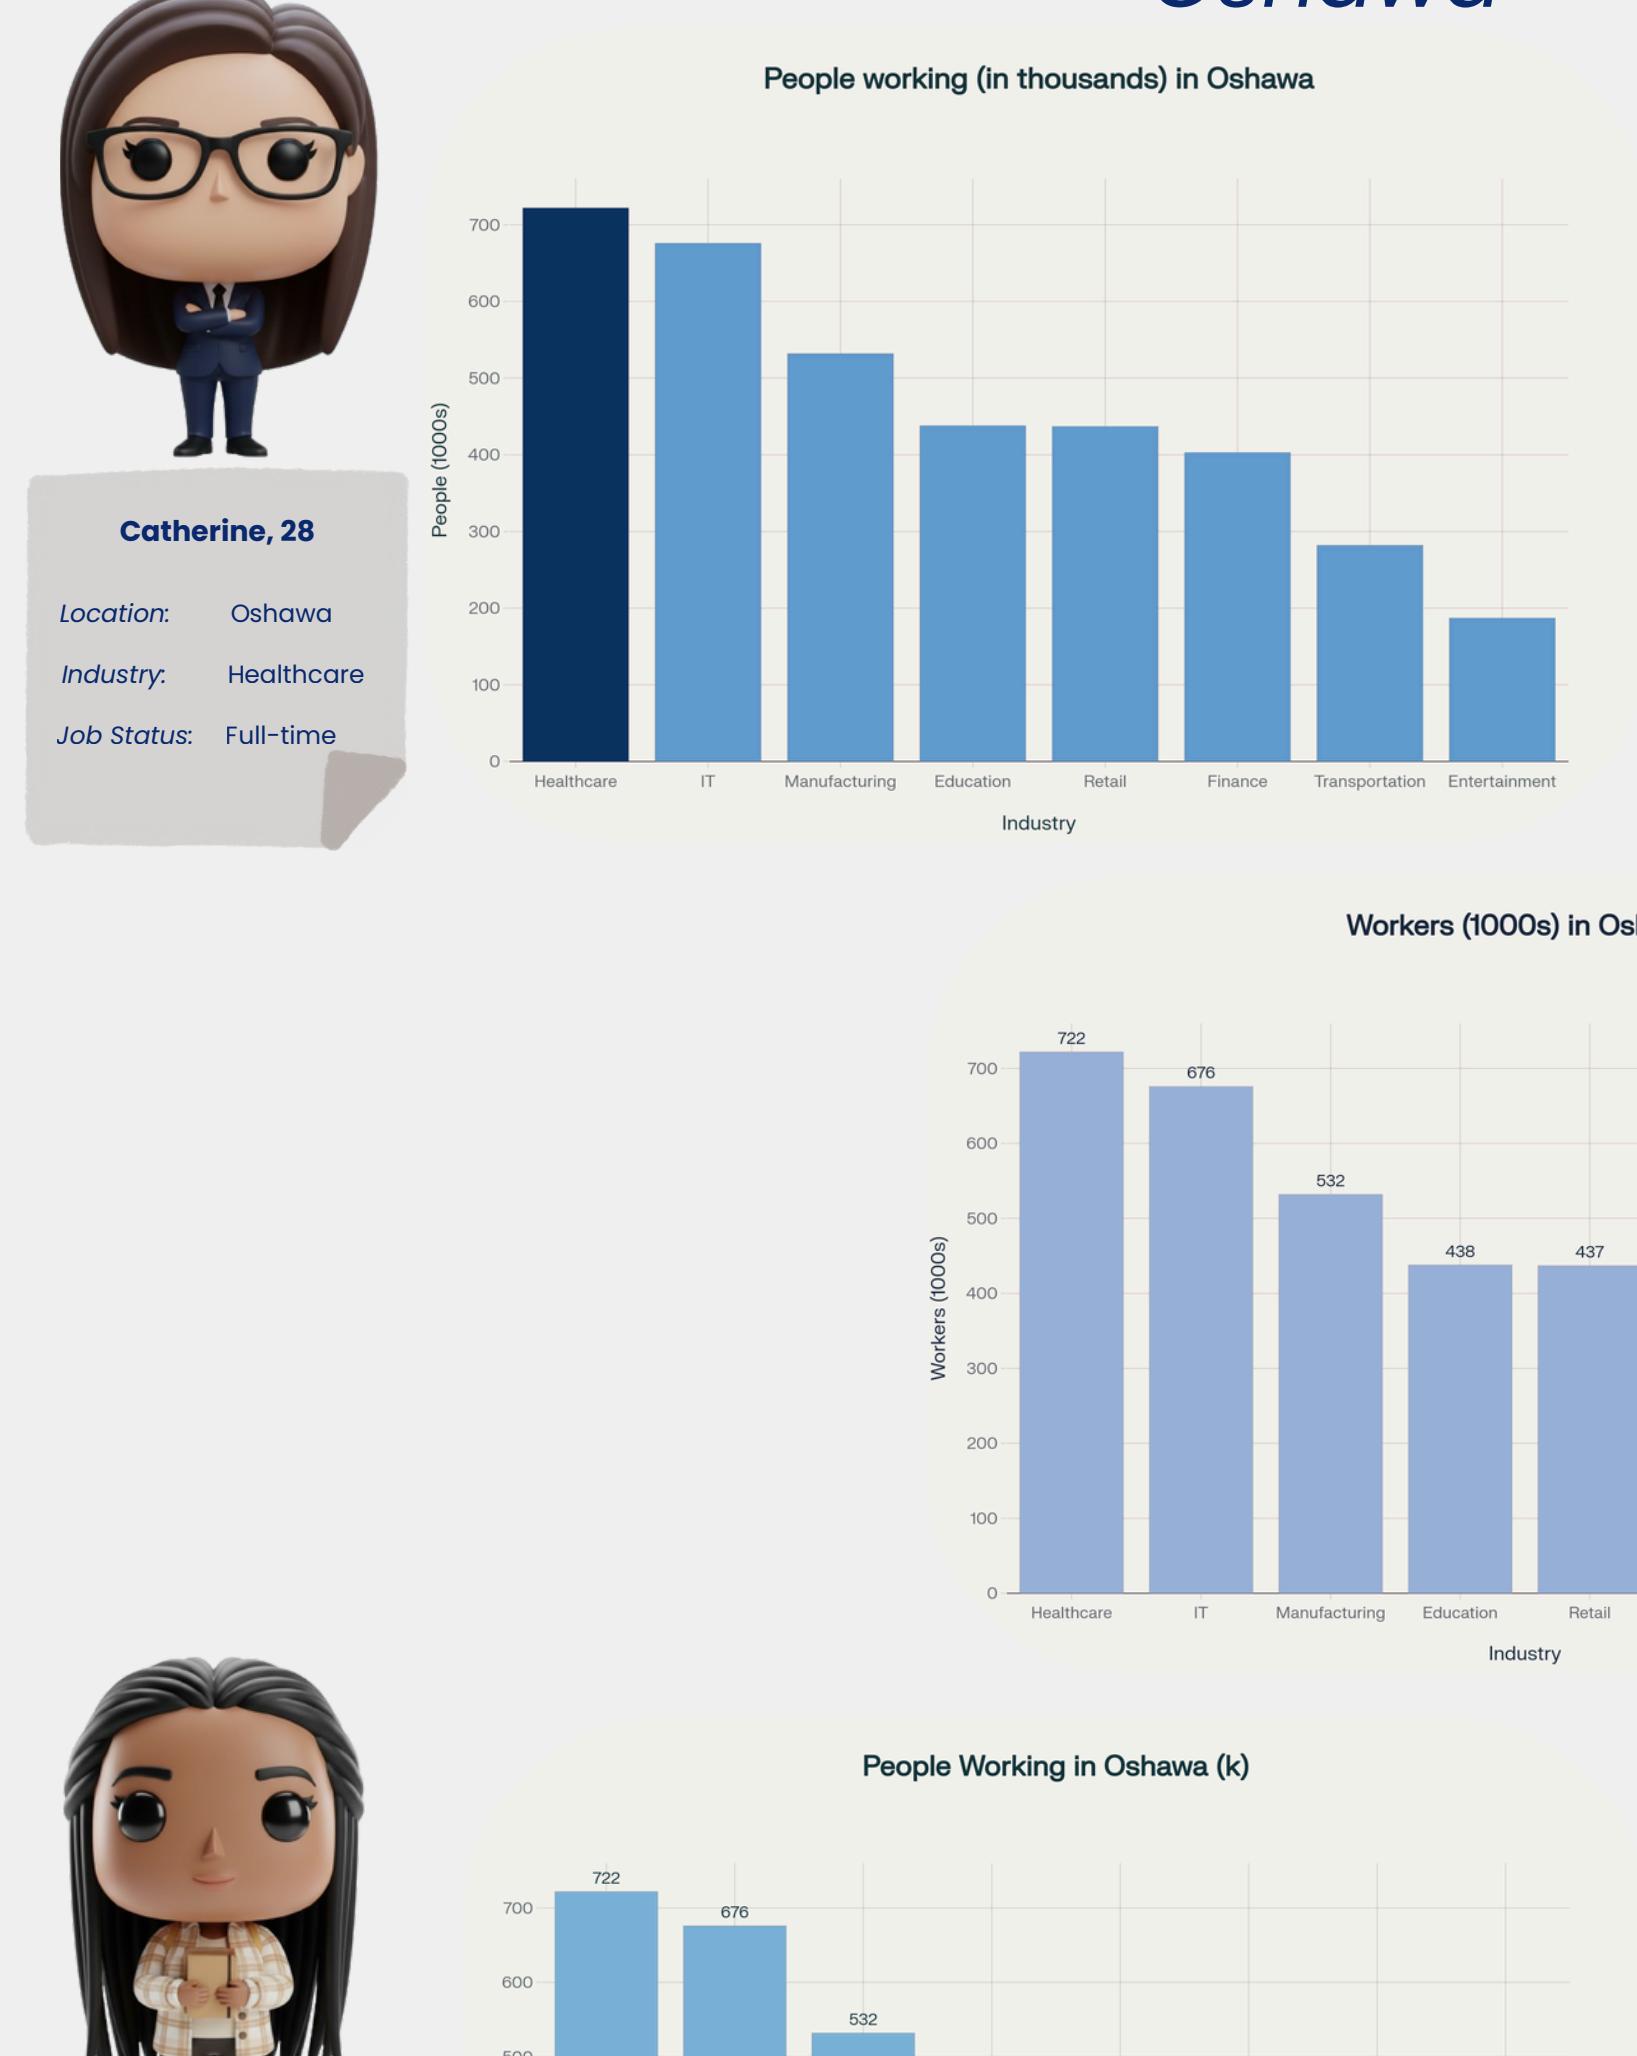

Oshawa had entry level jobs and affordable rents, until AI started taking over

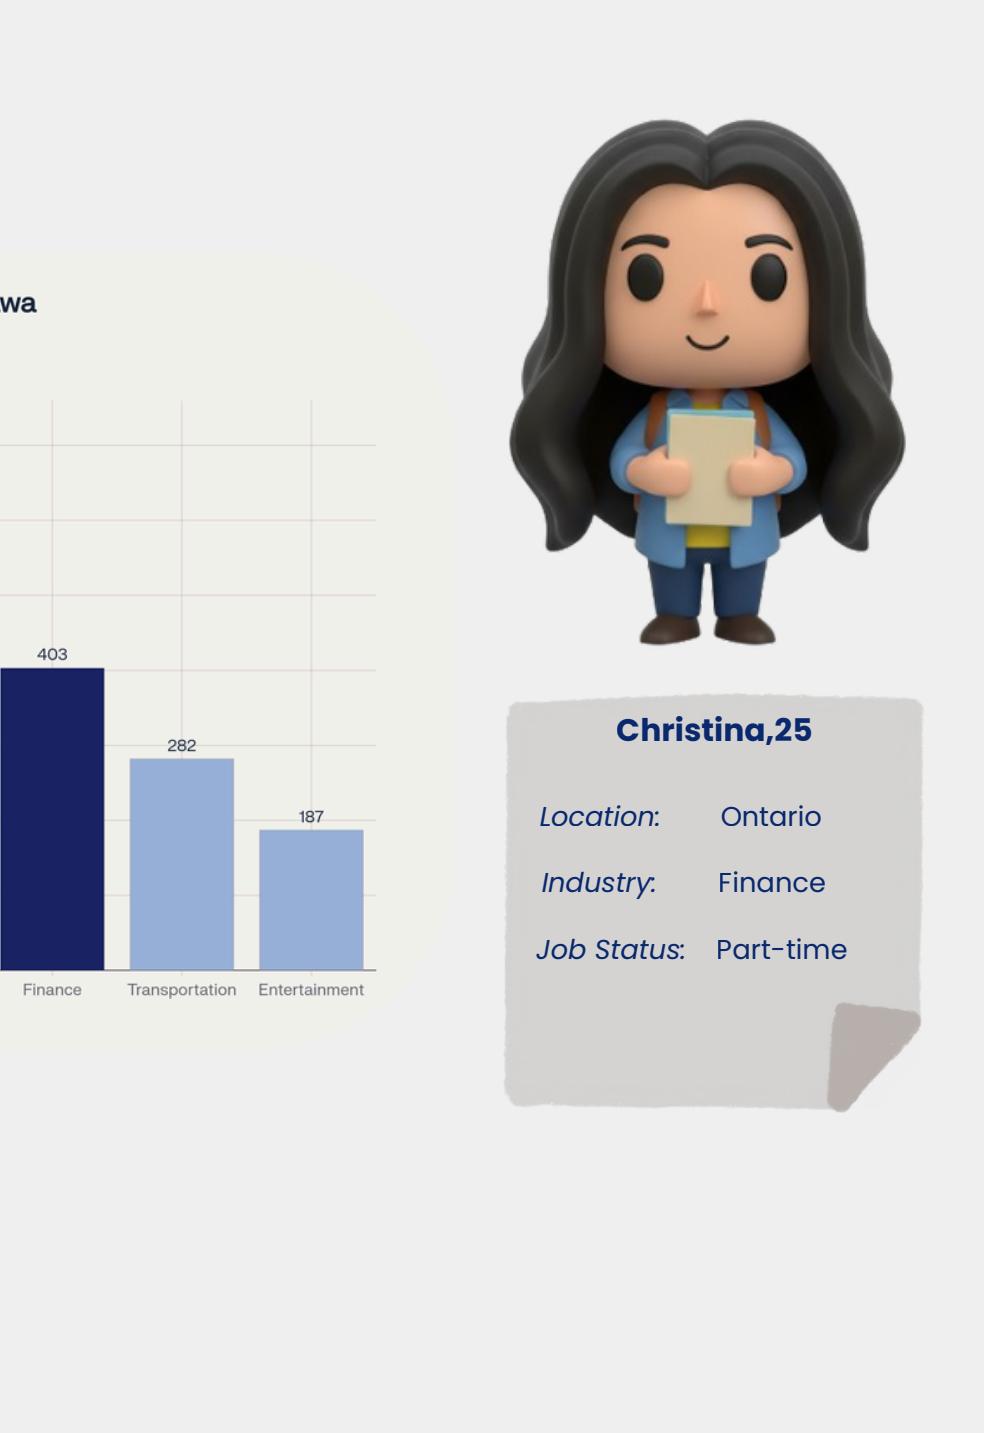

This change forces us to wonder how AI is reshaping job opportunities and housing affordability for emerging professionals in Oshawa

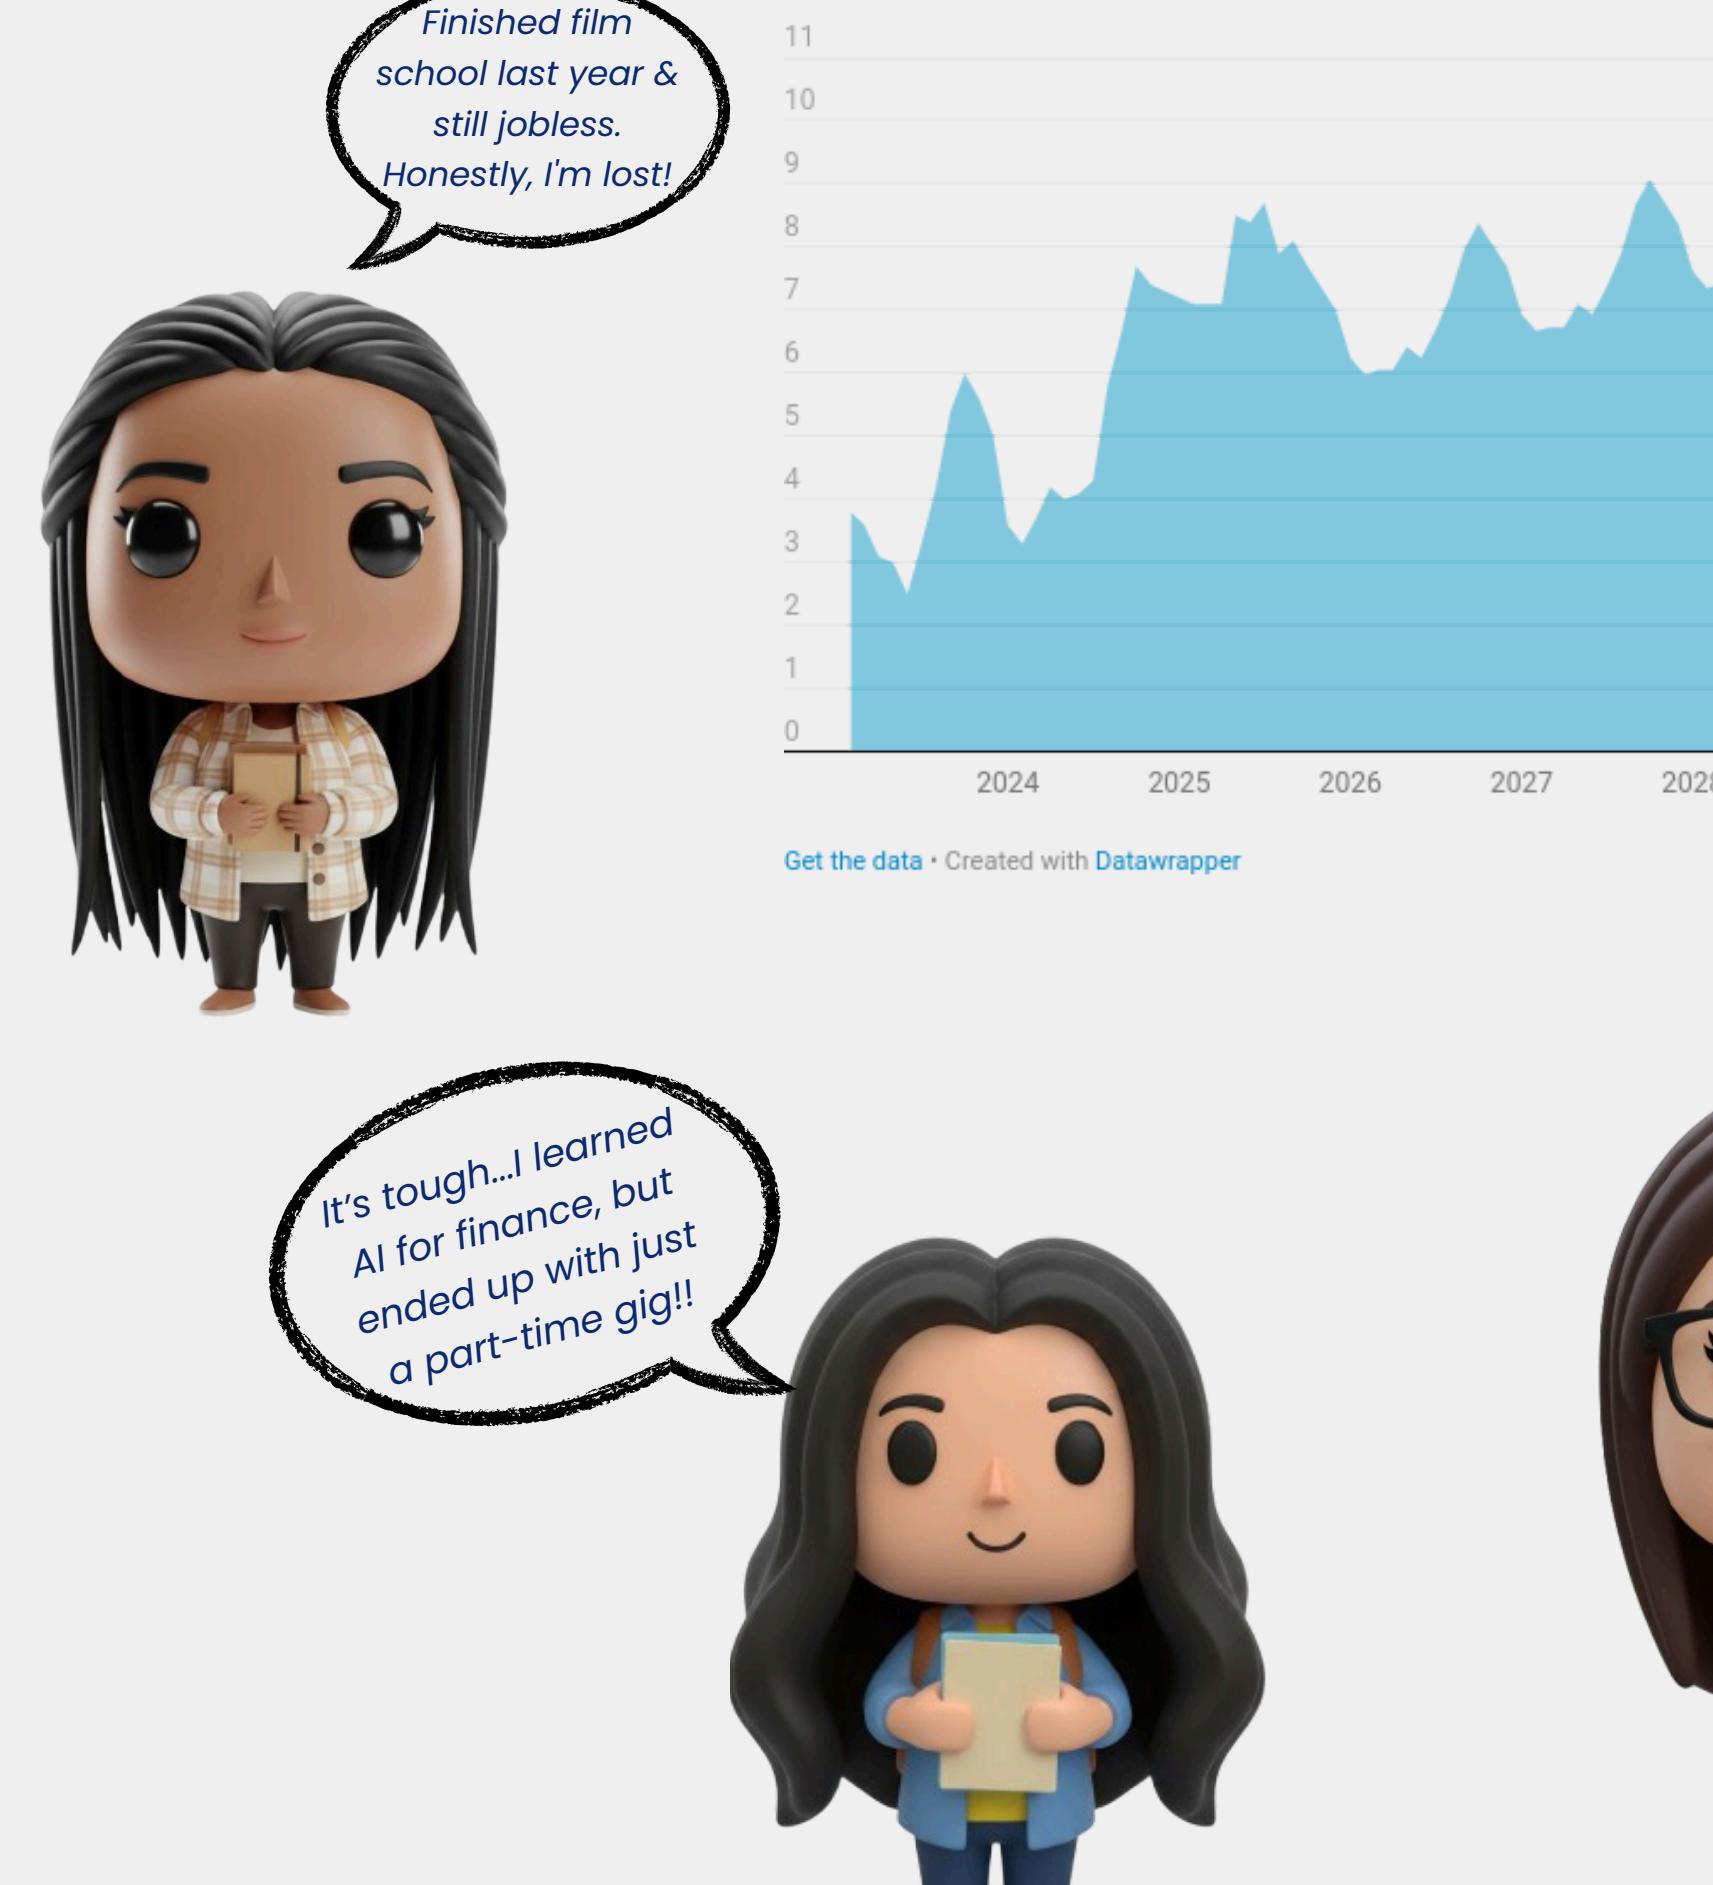

Automation Risk (%) Industry wise in Canada

Catherine, 28
Location: Oshawa
Industry: Healthcare
Job Status: Full-time

Finished film school last year & still jobless. Honestly, I'm lost!

Jamie, 26
Location: Oshawa
Industry: Entertainment
Job Status: No Job

It's tough...I learned AI for finance, but ended up with just a part-time gig!!

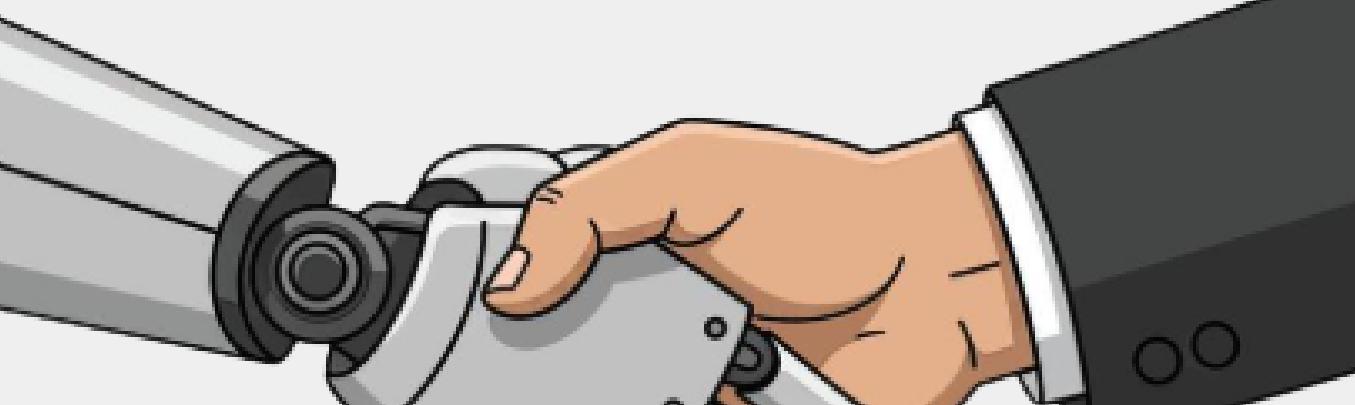

Christina, 25
Location: Ontario
Industry: Finance
Job Status: Part-time

AI didn't hit me as hard. I learned it to get a job in healthcare. Still, getting promoted is tough, robots are taking over a lot of my work
